### CURRENTLY OPEN & OPERATING:

- Southgate Shopping Centre Station - 111<sup>th</sup> Street & 48<sup>th</sup> Avenue
- Century Park Station - 111<sup>th</sup> Street & 23<sup>rd</sup> Avenue

As part of the City's Transportation Master Plan, the LRT extension will ensure the City's roads and transit system are ready to meet the needs of our growing population, give residents a greater range of travel options, and reduce the community and environmental impacts of expanding roads. The LRT extension will help move thousands more residents from major destination to major destination.

The first station opened in January 2006, bringing the LRT from University Station to the new Health Sciences Station. The next two phases will add approximately 7.5 km:

Health Sciences Station to South Campus Station to be completed by the end of 2008, and open on April 26, 2009.

South Campus Station to Century Park Station to be complete by the end of 2009, and open on April 25, 2010.
